

1st Congress of Turkish Society of Cellular Therapy and Regenerative Medicine

5-8 March 2009, Cappadocia - Turkey

www.hucreseledavi2009.org

Dear Colleagues,

On behalf of Turkish Society of Cellular Therapy and Regenerative Medicine we are happy to announce our first congress that will take place between 5-8 March 2009 in Cappadocia, Turkey.

At 1st Congress of Turkish Society of Cellular Therapy and Regenerative Medicine we aim to provide a platform for developing and supporting innovative cellular therapies through communication, education and training for Turkish members. We have convincing program for researchers, laboratory practitioners and clinicians. Scientific sessions are combined with social events as opening of Sennur Dedeman Cellular Therapy Center at Cappadocia. Eminent speakers are invited for the lectures. More than didactic expressions the congress is planned to be platform of sharing knowledge in discussion groups. There will also practical mesenchymal stem cell course during congress.

The region Cappadocia, which in turn is from the Persian language means "the land of beautiful horses" is unique in the world and is a miraculous nature wonder that includes a large table and chimney rocks. In the prehistoric periods the first human settlements have begun and the humans have constructed the underground cities in the volcanic rocks in form of tufa due to protect themselves from the wild animals and they lived for long times in these underground cities. Cappadocia was one of the most important places in the spreading periods of the Christian religion. You can also discover the oldest still existing wine region of the world. It is Cappadocia where wine production started nearly 4000 years ago.

We extend our warm welcome and cordial invitation to you for 1st Congress of Turkish Society of Cellular Therapy and Regenerative Medicine.

Looking forward to welcoming you in Cappadocia !

1st Congress of Turkish Society of Cellular Therapy and Regenerative Medicine

Thursday, 5th March 2009

09:00 - 10:00 ➤ **OPENING of ŞENNUR DEDEMAN STEM CELL THERAPY CENTER**
Opening Erciyes University, Sabancı Culture Center

President, Prime Minister
Rector, Dean, Head of Health Commission, Turkish Parliament,
Chairman of Turkish Society of Cellular Therapy

10:00 - 16:00 ➤ **PRACTICAL MESENCHYMAL STEM CELL COURSE**
Course Erciyes University Faculty of Medicine Laboratory

11:00 - 18:00 ➤ **CYTOMETRY and BASIC CELL PROCESING WORKSHOP**
Workshop Cappadocia Dedeman Otel

11:00 - 11:30 ➤ Hematopoetic Stem Cell-Flow Cytometry
11:30 - 12:00 ➤ Lymphocyte Subgroups-Flow Cytometry
12:00 - 13:00 ➤ Lunch Break and Symposia
13:00 - 13:30 ➤ Stem Cell Mobilisation
13:30 - 14:00 ➤ Mesenchymal Stem Cell and Dendritic-Flow Cytometry
14:00 - 14:30 ➤ Cell Selection and Depletion Methods
14:30 - 15:00 ➤ Umbilical Cord
15:00 - 15:30 ➤ Tissue and Stem Cell
15:30 - 16:00 ➤ Coffee Break
16:00 - 16:30 ➤ Cryopreservation
16:30 - 17:00 ➤ Thaw and Viability
17:00 - 17:30 ➤ Erythrocyte Depletion
17:30 - 18:00 ➤ Cell Processing Lab-GMP

18:00 - 19:00 ➤ **STEM CELL BIOLOGY and PLASTICITY**
Conference **Opening Ceremony and Dr. Süreyya Tahsin Ayyün Conference**

19:30 ➤ **WELCOME RECEPTION**

1st Congress of Turkish Society of Cellular Therapy and Regenerative Medicine

Friday, 6th March 2009
